"Most databases provide an option to filter results to just peer-reviewed journals/articles.

Once you are in the results screen of your search, look on the left-hand menu to see if they have a ""Peer-reviewed journals"" (or similar) selection. Clicking this will narrow your results to only display peer-reviewed articles. Follow this link to view our research guide on finding peer reviewed sources."

Two methods to begin narrowing your search is to refine your search through filters, or to utilize advanced search features. Follow these research guides to learn more:

Literature reviews are an important part of research papers. The library offers helpful tutorials on how to write a successful literature review paper or section.

"Looking for a specific article or resource? Unfortunately, that is a little beyond my current capabilities at the moment."

Google Scholar can be customized to be integrated with some of the library's FindIt features. Click the link to watch a video tutorial on customizing Google Scholar.

The SJSU library provides a helpful guide on how to evaluate sources. Click here to learn tips on fact checking:

"Articles+ refers to the articles, ebooks, theses, and all other electronic resources that can be found searching our databases.

Alternatively, you can view our list of databases available SJSU users. "

Unfortunately, the King Library is no longer subscribed to Lexis Nexis. However, we have alternative databases available. Both HeinOnline and Westlaw offer similar resources. Click the links below to start your research.

"To determine whether an article contains a case study, look for clues that the authors are showing the results of their original research. The report will have sections such as Methodology and Results or Findings.

To find case studies, type ""your search term"" AND ""case study"" in the OneSearch box. For example, type [COVID-19 pandemic AND case study]. Filter by ""Articles"" on the left.

If you need more help finding a case study, reach out to your subject librarian. "

The accuracy of a citation will vary depending on the citation tool you are using. All computer generated citations are prone to errors, so it is recommended to double-check with the applicable citation style guide.

Sure, I can help you with that! What type of articles do you need?

A journal is a scholarly publication containing articles written by researchers, professors and subject experts. Journals focus on a specific discipline or field of study. Unlike newspapers and magazines, journals are intended for an academic or technical audience, not general readers.

"Need a specific article?

If you have the article title, and perhaps the author, you can probably find the article you're looking for. Check the link below for more information.

A thesis is usually completed at the end of a master's program. It's a compilation of research that shows you are knowledgeable about your field and what you learned throughout your program. It's a compilation of research that shows you are knowledgeable about your field and what you learned throughout your program. A dissertation is usually completed during a doctorate program and focuses on creating original research (contributing new knowledge, theories, and practices into your field).

The King Library has hundreds of encyclopedias on specific subjects, such as biology, history, religion, and more. Using the OneSearch (link below) try a search on your subject "AND encyclopedias". For example, biology AND encyclopedias. Many of these encyclopedias are available as ebooks that you can read on your computer.

Need to find a definition? Our Online Reference Sources LibGuide lists useful databases for finding definitions, encyclopedias, almanacs, factbooks, and more! Please see the link below.

"To check if a journal is peer-reviewed, follow these steps: 1. Search for the journal's name in Ulrichs Periodicals Directory (link below). Journals usually have names like: The Journal of Adolescent Psychology or Nursing Science Quarterly

2. Find the correct entry in the results list.

3. Look to left of the title, and if you find a referee shirt icon, that means that the journal is peer-reviewed."

Most ebooks are downloaded as PDFs. Some require Adobe Digital Editions to download. Please contact us if you are unable to access an ebook or have general questions about the SJSU ebook collections.

"Report noise issues at King Library by calling 408-808-2635 or texting 408-595-5614.

Provide a good description of the location. Library Security Officers will respond as soon as possible; however, there may be other activity happening in the library that they need to attend to first."

"While we are not currently able to offer overnight study, the library will be open for SJSU students until midnight from Sunday through Thursday during the Spring 2021 semester.

â€¢ You must have your current SJSU Tower Card with you to remain in the building during extended hours.

â€¢ CSU walk-in patron passes are not currently being accepted or issued.

â€¢ For Spring 2022, Guest Passes for Extended Hours are not available. "

RefWorks is no longer offered by the library. For citation management, we now offer the Zotero and Paperpile services. They are easy-to-use tools that can help with organizing sources and citations you find during your research. Click the following links to learn how to get started with both.

ScholarWorks is the institutional repository for the campus. Its function is to preserve and provide access to the work of the SJSU community. Selected faculty, staff, and student publications are freely available for download. Students' master theses are collected and available digitally through ScholarWorks.

"The San JosÃ© State University Writing Center offers a variety of resources to help students become better writers, and all of our services are free for SJSU students. COVID-19 Update (5/20/2020):

As SJSU has moved in-person classes to an online environment due to COVID-19 concerns, Writing Center operations have also moved online."

To access your San Jose Public Library (SJPL) account use the 14 digit code on the back of your library card and your 4 digit PIN. If you don't remember your pin, click "Forgot Your PIN" to reset it. Please note, you must have an email address listed in your library account to reset your PIN online. For questions, visit <https://www.sjpl.org/contact>

SJSU will provide current San Jose Public Library users an account in OneSearch as long as their SJPL accounts are in good standing and they are not temporary borrowers. Patrons who do not yet have an SJPL account will need to get one before they can get an SJSU account. SJPL patrons will only be able to borrow items from the SJSU Library, not from CSU+.

"Online and In-person Late-night tutoring is now available and free for all SJSU students. No appointments are required; students are attended to on a first-come, first-served basis.

⌚ Hours: During the semester Sunday through Wednesday from 8:00 pm – 12:00 am

📖 Courses available to tutor: biology, chemistry, math, and physics undergraduate courses
